

GMN FE 8000 Sprag Clutch Cross Reference

GMN FE 8000 Sprag Clutch Cross Reference

Discontinued items or those with limited availability can pose immediate challenges for anyone looking to find spare or replacement parts. Not only can support be limited for hard-to-find items, but you can also run into price inflation when demand is high & supplies are tight.

For high precision parts like **sprag clutches** (also known as one-way bearings or freewheel clutches), it can also be difficult to know if a part substitute is *compatible with your system*. That's why we've created this handy sprag clutch cross reference guide with our popular & robust **FE 8000 Series Sprag Clutches**.

GMN's versatile FE 8000 Series sprag clutches are unmatched in performance & are often an **UPGRADE** to your existing clutch. Our clutch's unique design boasts more sprags than any other clutch in the market, featuring:

No RPM Limit

The FE 8000 sprag design engage at any speed & have a constant clamping angle.

Twice the Torque

More sprags per clutch than any other clutch on the market.

Same Size

A drop-in replacement to other brands—no need for a system redesign!

Note: Custom options available.
